

WOLF 30

- ▶ Difference regarding the single series: Fitting of two different series of profiles without changing cutters
- ▶ Multi-purpose machine ensures fitting of PVC and aluminium medium record profiles.
- ▶ Machine works full automatically
- ▶ There is pneumatic system and it is possible to saw at desirable speed (For process without vibration extra for aluminium profiles hydro pneumatic system is available)
- ▶ Capable of angled fitting of medium record profiles
- ▶ Clamps the profile at two points
- ▶ Water Cooling System for aluminium profile process

 Voltage / Frequency	380 V / 50 Hz	 Max. Profil Height	120 mm.	 Makina Weight	76 kg.
 Total Power	1,5 Kw	 Max. Profil Width	120 mm.		
 Air Pressure	6-8 Bar	 Machine Lenght	710 mm.		
 Air Konsumption	31 lt. / min	 Machine Width	450 mm.		
		 Machine Height	1115 mm.
